

ImGui::TableGetSortSpecs

```
graph LR; A[ImGui::TableGetSortSpecs] --> B[ImGui::TableSortSpecsBuild]; B --> C[ImGui::TableSortSpecsSanitize];
```

The diagram illustrates a three-step process flow. It begins with a box labeled 'ImGui::TableGetSortSpecs', followed by an arrow pointing to a box labeled 'ImGui::TableSortSpecsBuild', which then points to a final box labeled 'ImGui::TableSortSpecsSanitize'. The final box is shaded gray, indicating it is the current or final step in the sequence.
