

ImGui::DebugRenderViewport
Thumbnail

ImGui::UpdateMouseMoving
WindowEndFrame

ImGuiWindow::TitleBarRect

```
graph LR; A[ImGui::DebugRenderViewport Thumbnail] --> C[ImGuiWindow::TitleBarRect]; B[ImGui::UpdateMouseMoving WindowEndFrame] --> C;
```

The diagram illustrates a relationship between two ImGui functions and a window title bar rectangle. On the left, two white rectangular boxes are stacked vertically. The top box contains the text 'ImGui::DebugRenderViewport Thumbnail' and the bottom box contains 'ImGui::UpdateMouseMoving WindowEndFrame'. On the right, a gray rectangular box contains the text 'ImGuiWindow::TitleBarRect'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the gray box, indicating that both functions interact with or access the title bar rectangle.
