

ImGui::BeginPopupContextVoid

ImGui::UpdateMouseMoving
WindowEndFrame

ImGui::GetTopMostPopupModal

```
graph LR; A[ImGui::BeginPopupContextVoid] --> C[ImGui::GetTopMostPopupModal]; B[ImGui::UpdateMouseMoving WindowEndFrame] --> C;
```

The diagram illustrates a control flow or dependency. Two white rectangular boxes on the left represent source functions: 'ImGui::BeginPopupContextVoid' at the top and 'ImGui::UpdateMouseMoving WindowEndFrame' at the bottom. Two blue arrows originate from the right side of these boxes and point towards a single gray rectangular box on the right, labeled 'ImGui::GetTopMostPopupModal'. This indicates that both source functions eventually lead to or utilize the target function.
