

ImGui::BeginDragDropSource

ImGui::EndDragDropSource

ImGui::ClearDragDrop

```
graph LR; A[ImGui::BeginDragDropSource] --> C[ImGui::ClearDragDrop]; B[ImGui::EndDragDropSource] --> C;
```

The diagram illustrates a control flow in the ImGui library. Two functions, `ImGui::BeginDragDropSource` and `ImGui::EndDragDropSource`, are shown on the left. Both have arrows pointing to a single function, `ImGui::ClearDragDrop`, which is highlighted with a gray background. This indicates that both functions eventually lead to the clearing of drag and drop state.
